***IS YOUR BOSS DISORGANISED?***

The MOTOMING with EDGE technology is a simple answer to life's complications. A supremely smart, stylish and compact Linux-based device, MOTOMING is designed to help keep work, personal and entertainment worlds balanced and looking good. With the MOTOMING's large transparent window and rich functions you will be able to see beyond the surface of the life around you, adding significance and taste to everyday communications.

## IS YOUR BOSS DISORGANISED?

Telephone numbers written on post-it notes, business cards all over their desk, constantly asking when their meeting with 'that new supplier' is? We're offering an opportunity to help make their life easier... and ultimately YOURS!

We have 10 pairs of the new smart phone from Motorola, Motorola Ming to give away.

Tell us below or send us a picture showing why your boss deserves this phone. The ten best requests will be sent two new MOTOMING phones – One for you and one for your boss!

The closing date for entries is XXXX and we'll publish the winning answers here on the XXXX

Good luck and get organised!
